VIP ALGOS

QUICK OVERVIEW

AI REVERSAL ZONES BY VIP ALGOS

SAME DATA.
A SMARTER WAY
TO TRADE.

HOW IT WORKS

01 DETECTS REVERSAL AREAS

Scans for potential bullish and bearish reversal areas.

02 WAITS FOR CONFIRMATION

Waits for price confirmation before mapping a trade plan.

03 MAPS A TRADE PLAN

Displays Entry, TP1, TP2 and Stop Loss in a structured way.

04 AI REVERSAL RADAR

Summarizes quality, direction, risk/reward and status.

05 WORKS EVERYWHERE

Works across markets and multiple time frames.

SIMPLE. CLEAR. SMARTER.

Designed to make reversal-based chart analysis simpler, clearer and faster to review.

VIP ALGOS

BUY REVERSAL SETUPS

HOW TO READ A BULLISH CONFIRMATION

SAME DATA.
A SMARTER WAY
TO TRADE.

KEY THINGS TO KNOW

01 WATCH THE REVERSAL AREA

Price enters a potential bullish watch zone.

02 WAIT FOR CONFIRMATION

Only act after the buy reversal is confirmed.

03 REVIEW THE TRADE PLAN

Check Entry, Stop Loss, TP1 and TP2.

04 USE THE RADAR

Quality, forecast and status add extra context.

05 MANAGE RISK

Targets and stop levels are planning tools, not guarantees.

Watch areas show possibilities.
Confirmed labels show active trade plans.

Educational use only • Trading involves risk • Use your own judgement

VIP ALGOS

SELL REVERSAL SETUPS

HOW TO READ A BEARISH CONFIRMATION

SAME DATA.
A SMARTER WAY
TO TRADE.

KEY STEPS EXPLAINED

01 IDENTIFY THE SELL AREA

The indicator highlights a possible bearish reversal zone.

02 WAIT FOR CONFIRMATION

The setup becomes actionable only after confirmation.

03 CHECK THE LEVELS

Entry, Stop Loss, TP1 and TP2 are shown automatically.

04 READ THE FORECAST PATH

The projected move is a scenario guide, not certainty.

05 STAY DISCIPLINED

Use the plan with your own risk controls.

The guide helps structure decisions, but every trade still carries risk.

VIP ALGOS

SETTINGS & ALERTS

CUSTOMIZE THE INDICATOR TO MATCH YOUR STYLE

YOUR SETTINGS. YOUR EDGE.

Time Frame	H1 Time Frame

Quality	Shows the strength and reliability of the setup (e.g. High, Medium, Low).
Forecast	Indicates the expected direction (BULLISH or BEARISH).
Entry	Suggested entry price for the trade.
Take Profit 1	First target price (TP1).
Take Profit 2	Second target price (TP2).
Stop Loss	Suggested stop loss level.
Risk / Reward	Potential reward compared to the risk (e.g. 1 : 1.6).
Status	Shows if the setup is active, waiting or completed.
Time Frame	Time frame of the signal (e.g. M15, H1, H4).

THE AI REVERSAL RADAR PUTS ALL KEY INFORMATION IN ONE PLACE SO YOU CAN MAKE FASTER, CLEARER DECISIONS.

STEP-BY-STEP WORKFLOW

A SIMPLE PROCESS FOR SMARTER TRADING.

01 CHOOSE YOUR MARKET AND TIMEFRAME.

Select the asset you want to trade and your preferred time frame (e.g. M5, H1, H4).

02 LET THE INDICATOR SCAN FOR WATCH AREAS.

The AI automatically scans the market for potential bullish and bearish reversal areas.

03 WAIT FOR CONFIRMED BUY OR SELL LABELS.

Look for a clear "BUY CONFIRMED" or "SELL CONFIRMED" signal on the chart and in the radar.

04 REVIEW ENTRY, STOP LOSS, TP1 AND TP2.

Check the AI Reversal Radar dashboard for all key trade details before taking action.

05 MANAGE THE SETUP WITH ALERTS AND YOUR OWN RISK PLAN.

Use alerts, track the trade, and always manage your risk based on your strategy.

WORKS ACROSS MARKETS

SAME POWERFUL INDICATOR. MORE OPPORTUNITIES.

Forex · Crypto · Stocks · Indices · Commodities

WORKS ON LOWER AND HIGHER TIME FRAMES

From scalping to swing trading (M1 to MN).

THE RADAR ORGANIZES INFORMATION QUICKLY, BUT IT DOES NOT REMOVE MARKET RISK.

VIP ALGOS

BEST PRACTICES & SUPPORT

FINISH WITH STRUCTURE, CLARITY AND DISCIPLINE

SAME TOOLS. BRIGHTER TRADES AHEAD.

01 BEST PRACTICES

WAIT FOR CONFIRMATION
Let the indicator confirm a reversal before taking action.

COMBINE WITH PRICE STRUCTURE
Use the setup alongside your analysis of key levels, trends and market structure.

START WITH SENSIBLE RISK
Use appropriate position sizing and always define your stop loss.

TEST SETTINGS ON YOUR MARKET
Adjust and backtest the settings to suit your preferred market and time frame.

USE ALERTS TO STAY ORGANIZED
Set up alerts so you never miss potential reversal opportunities.

02 IMPORTANT NOTES

EDUCATIONAL USE ONLY
The VIP Algos indicator is for educational and analytical use only. It does not provide financial advice.

FORECASTS ARE SCENARIO GUIDANCE
Forecasts show potential reversal areas based on historical data and AI analysis, not certainty.

NO INDICATOR GUARANTEES RESULTS
While the indicator can highlight probabilities, no indicator or strategy guarantees profits or eliminates risk.

PAST PERFORMANCE WARNING
Past performance does not guarantee future outcomes. Markets can be unpredictable.

03 SUPPORT & ACCESS

VIP ALGOS

Built to help traders review reversal opportunities with more structure and less guesswork.
